

On page 4, column two, second paragraph, “in 7” should read “in Appendix A”.

On page 5, first column, fifth paragraph, the units for density should be $kg\ m^{-3}$, not $kg\ m^{-1}$.

On page 5, first column, sixth paragraph, “the probability of absorption” should be replaced with “the probability of transmission.”

On page 10, Fig. 10, the units in the figure and in the caption should be $kg\ m^{-3}$, not $kg\ m^{-1}$.

On page 11, Fig. 14, the units in the figure should be $kg\ m^{-3}$, not $kg\ m^{-1}$.

On page 13, second column, the denominator of the equation computing MSI should have a comma between y_i and \hat{y}_i .

On page 18, Equation A.6, the letter ‘s’ should be replaced with the Greek letter ‘ μ ’ in both the numerator and denominator. Thus, the equation should be written as:

$$K_1 = \frac{\int_{\mu_{min}}^{\mu_{max}} \mu^{-2} P(\mu) d\mu}{\int_{\mu_{min}}^{\mu_{max}} \mu^{-1} P(\mu) d\mu}$$
